Ecology and Evolution

Early Career Award 2017

Deadline for receipt of all application materials: 13 January 2017

Award Description: The CSEE Early Career Awards recognize outstanding accomplishments and promising future research potential in ecology and evolution by scientists early in their career. Awards will be given to two candidates each year. They consist of a 10-year membership to CSEE/SCEE, \$500 cash award, up to \$1000 allowance for travel and accommodation to attend the CSEE meeting in Victoria, B.C., and an invitation to give a keynote lecture at the annual meeting.

Eligibility: Applicants must be active researchers in the field of ecology and evolutionary biology who received their doctorate within five years of the application deadline, not including time taken for parental leave (i.e., one year of parental leave extends the eligibility period to six years post-Ph.D.). Candidates need to be Canadian citizens, or landed immigrants, or have completed their PhD at a Canadian University, or be currently working at a Canadian University.

Application/Nomination Procedures: Candidates may apply directly or may be nominated. Established researchers are encouraged to nominate outstanding young scientists. Nominations must contain all of the following supporting materials in the stated order: (1) a curriculum vitae, (2) a summary of research accomplishments (maximum 2 pages), (3) a 2-page statement of research plans for the next 5 years, (4) three recent publications, (5) names and addresses of 3 referees (including the nominating scientist where applicable) who will provide supporting letters. The 3 letters of reference should be sent separately from the candidate's nomination package. All nomination materials and reference letters must be sent as PDFs to the chair of the CSEE Awards committee, Mark Vellend (mark.vellend@usherbrooke.ca).

Time lines: The deadline for receipt of all materials including letters of reference is 13 January 2017. The recipients will be notified of the award in February and they will receive their award at the following annual meeting.
